EDUCATION

Lovely Professional University, Phagwara   **2023 - Present**
B.Tech - Computer Science and Engineering   *Phagwara, Punjab*
Specialization: Full Stack Web Development

PROJECTS

Event Management Web Application: 🔗 | MongoDB, Express, React, Node.js   **July 2025**
- Developed and deployed a full-stack event management system enabling user registration, payment proof uploads, and real-time application tracking.
- Built an admin panel with real-time application monitoring, event-specific filtering, and dynamic status management.
- Configured QR-based payment system for paid events and Cloudinary for secure image hosting and management.

Appointment Booking Platform 🔗 | MongoDB, Express, React, Node.js   **Aug 2024 – July 2025**
- Developed role-based dashboards for Admin, Doctor, and Staff with access control and modular functionalities.
- Built a comprehensive admin panel for managing users, doctors, appointments, medicines, and platform operations.
- Automated confirmation emails notifying Users, Admins, Doctors, and Staff after password updates.
- Integrated QR-based payment system enabling seamless paid appointment processing and real-time transaction verification.

School Website 🔗 | HTML, CSS, JavaScript, PHP, Database - MYSQL)   **March - 2025**
- Designed responsive web pages for seamless user experience across desktop and mobile devices.
- Implemented role-based access control, enabling separate dashboards for admins, teachers, and students.
- Integrated secure password verification to ensure data privacy and protect user accounts.

chatting website - Dating Website 🔗 | MongoDB, Express.js, React.js, Node.js   **Mar 2025 - July 2025**
- Created a real-time dating application with secure messaging and matching functionalities for user interaction.
- Established a secure, dynamic user system incorporating authentication, profile customization, and media upload support.
- Built responsive user interfaces with real-time chat functionality using Socket.io.
- Enabled profile discovery, interest-based filtering, and smooth mobile-friendly user experience.

SKILLS

Languages: Python, C++, JavaScript, PHP, MySQL
Technologies/Frameworks: HTML, CSS, React, MongoDB, Express, JavaScript
Developer Tools: VS Code, Cloudinary, REST API, Nodemailer, Postman, GitHub, Eclipse, Canva

CERTIFICATIONS

- Cloud Computing - NPTEL
- HTML, CSS, JavaScript - freeCodeCamp
- **Full Stack Web Development**
  Placify Technologies

EXTRACURRICULAR

- Contributed to open-source projects and actively engaged in GitHub repositories.
- NSS Member from 2025
